Agent Login

Reliant – SMB
11.04.2010
pg. 2

Site Goal:

Reliant and its associated agents want a SEXY way to gather information from new apartment dwellers, and the complexes that they inhabit. What better way than an iPad!

Notes:

This is the first page that the agent will see, before he presents the iPad to the customer.

The agent will be asked for his unique ID.

1. Agent ID Field – This field is

Agent ID Field This field is required for to assess what apartment complexes to associate with what agent, and who gets credit for the lead.

Agent ID #

Site Goal:
Reliant and it's associated agents want a SEXY way to gather information from new apartment dwellers, and the complexes that they inhabit. What better way than an iPad!

Notes:
This is the Apartment Complex selection page and displays a selection box of Complexes associated with the agent.

1. Exit Current Session – Bail out! Clicking on this "X" will exit the session, and return the user to the 'Agent Login' page. Informative text will be hidden on all subsequent pages.

2. Confirmation of Agent – We're just letting you know who you are in this session

3. Apartment Complex Selection – Select from a list of apartment complexes associated with our current agent

You can exit this session at anytime by tapping here ▶ ✕

Reliant and its associated agents want a SEXY way to gather information from new apartment dwellers, and the complexes that they inhabit. What better way than an iPad!

Notes:

This is the page that will be presented to the customer, and is designed to harvest information from individuals new to the agent's Complex. Address of the current complex will be submitted with the data obtained on this page.

1. Apartment Complex's

Logo – Depending on the Agent's last selection, the appropriate logo will show up here.

2. Customer Information – This is

just the initial feild set. Will update
when we know exactly what is
needed.

[illegible]

Site Goal:
Reliant and it's associated agents want a SEXY way to gather information from new apartment dwellers, and the complexes that they inhabit. What better way than an iPad!

Notes:
This is a quick personalized thank you to the customer.

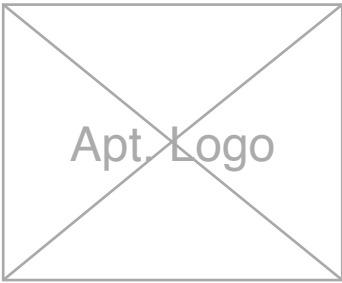

This also gives the Agent ability to go back and harvest more information, or exit her/his session.

1. Thank you confirmation –
Uses information from form to fill in appropriate first name.

2. Go back – Returns us to previous form to gather more information

3. I'm Done – End's the Agent's information gathering session.

1 Thank you, Judy.
We'll talk to you about your power needs soon.

2 Go Back
